App ka asaan istemal

Roman Urdu guide | Version 5.1.0 | 21 October 2026

Ab teen tabs hain: Home, Reports aur More. Registers tab aur Quick entry list hata di gayi hain.

Home > New entry se har financial entry ka type chunein. Home > New profile se names, staff aur installment plans manage karein.

Buttons aur financial names English aur Urdu dono mein hain. EN/Urdu toggle se screen ki direction badalti hai; entry ka naam ya hisab nahi badalta.

Pehli baar

1. Purani app par APK ko Update karein. Uninstall ya Clear data na karein.

2. Email/password se login karein. PIN setup/reset login page par hai.

3. Actual cash gin lein aur bank statement dekhein. Zarurat ho to Set actual balance mein har account ki asal raqam set karein.

4. Sab owners ke phones par naya version lagayein.

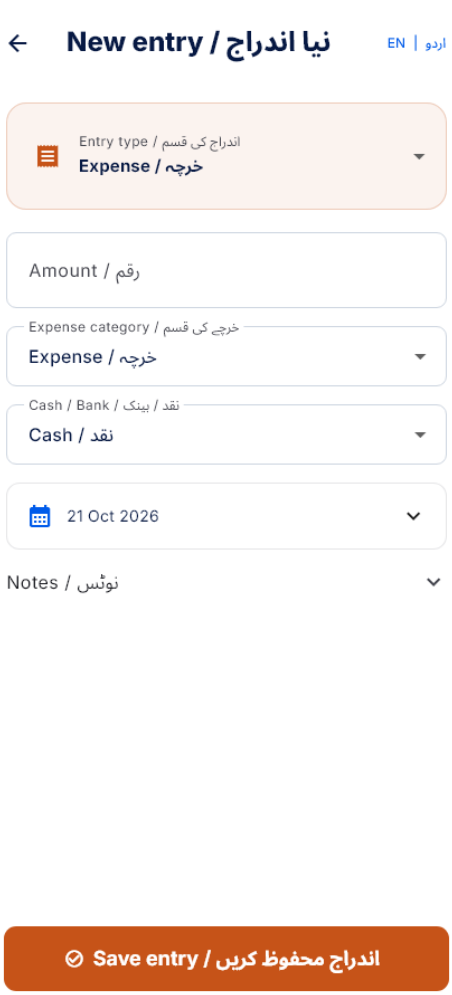

Purane versions ki Daily sale sirf non-cash summary thi. Purana journal dobara cash receipt mein convert nahi hota. Asal current balance verify karna zaroori hai; sale ko duplicate dobara enter na karein.

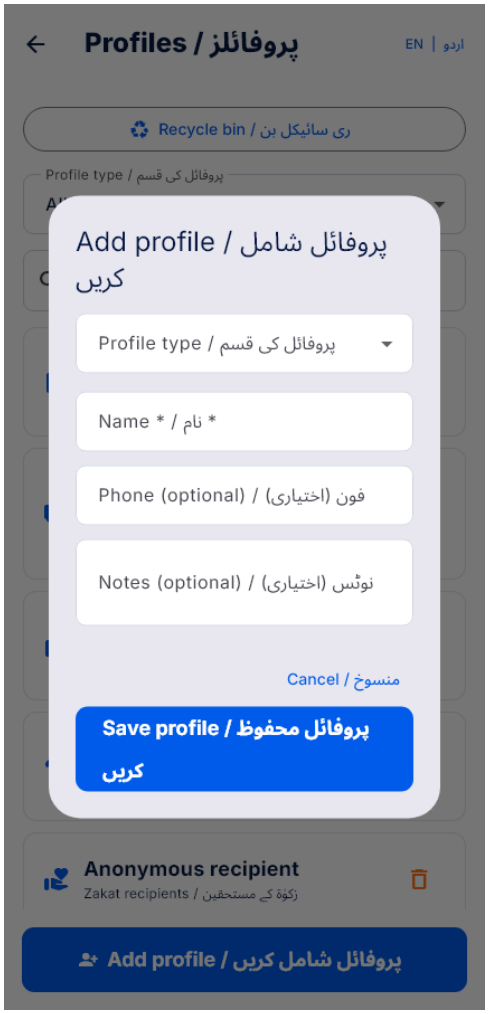

New entry aur New profile

Ek form - type ke mutabiq sirf zaroori fields

New entry: 1) type select 2) company/person select 3) amount, Cash/Bank aur date check 4) Save entry 5) confirmation par Save.

Date by default aaj ki hai. Pichli date ka record dalne ke liye date badlein. Naye form mein kisi person ka naam khud select nahi hota. Notes optional hain.

Profile type ka matlab

Companies: bill, payment aur company return ke liye. Loan people: loan dene/wasool karne ke liye. Staff profiles: salary aur advance ke liye. Installment: total, har qist, daily/weekly/monthly schedule aur start date ke liye. Zakat recipients: zakat record ke liye.

Profiles mein naam par tap karke edit karein. Profile type dropdown aur search se naam dhoondein. Recycle bin se deleted profiles restore ho sakte hain.

Financial overview ka hisab

Cash aur bank ka record alag rehta hai

Jis account ko entry mein select karte hain, paisa usi Cash/Bank mein jama ya minus hota hai. Company bill aur company return apne aap cash payment nahi hote.

Entry	Cash / Bank par asar	Doosra hisab
Daily sale	Selected account mein jama	Sale total barhta hai
Expense / Rent	Selected account se minus	Expense barhta hai
Company bill	Koi cash movement nahi	Company payable barhta hai
Company payment	Selected account se minus	Company payable kam hota hai
Company return	Koi cash movement nahi	Company payable kam hota hai
Loan given	Selected account se minus	Person se wasool karna hai
Loan received	Selected account mein jama	Loan baqaya kam; extra credit ban sakta hai
Salary payment	Selected account se minus	Pehle salary clear, extra advance
Owner deposit / withdrawal	Jama / minus	Owner capital / drawings; sale ya expense nahi
Installment paid	Selected account se minus	Di hui qist aur remaining update
Installment received	Selected account mein jama	Baqi dene wali qistain clear nahi hotin

Daily sale aur Expenses today selected din ke hain. Cash, bank, loan, salary aur company remaining current ledger balances hain. Sale total ko cash balance ke saath dobara jama na karein.

Hisab ki chhoti misal

Har movement sirf ek dafa count hoti hai

Cash ka record	Raqam (Rs)	Cash balance (Rs)
Starting cash	100,000	100,000
Daily sale jama	+15,000	115,000
Expense	-2,000	113,000
Loan given	-5,000	108,000
Loan received	+1,000	109,000
Company payment	-10,000	99,000
Salary payment	-3,000	96,000
Owner deposit	+20,000	116,000
Owner withdrawal	-4,000	112,000
Installment paid	-1,000	111,000

Bank ki misal

Starting bank Rs 50,000. Bank se Rs 1,000 expense aur bank mein Rs 30,000 installment receipt: bank Rs 79,000. Cash + Bank = 111,000 + 79,000 = Rs 190,000.

Company ka bill baqaya ho to cash apne aap kam nahi hota. Jab payment karte hain tab cash/bank kam hota hai. Loan aur advance bhi kharcha ya sale ke saath dobara count nahi hote.

Set actual balance

Yahan poori asal current amount likhein, sirf farq nahi. App current ledger aur aapki amount ka difference adjustment record karti hai. Ghalat entry ko theek karne ke liye Edit/Reverse use karein; roz actual balance se galti chupane ki zarurat nahi.

Installment ka record aur report

Balance > Paid / Received > Remaining

New profile mein Installment select karein. Total Rs 30,000, har qist Rs 1,000, schedule Daily/Weekly/Monthly aur start date dein.

Installment paid se selected account kam hoga. Plan select karne par qist amount aa sakti hai; save se pehle amount/date check karein.

Installment received us waqt use karein jab is plan ka paisa pharmacy ko mile. Is receipt se future dene wali qistain clear nahi hotin.

Misal: total 30,000; do qistain 1,000 + 1,000 di. Remaining 28,000. Agar 30,000 mil bhi jaye, dene wali remaining 28,000 rahegi.

Report mein pehla balance, us row ki paid/received amount aur uske baad remaining hota hai. Purani dates ka balance bhi agle row mein carry hota hai.

App mein din ke headings hain. PDF/picture mein sirf table aur dates hain. App newest first hai; exports purane se naye order mein hain.

Partial qist poori hone tak due date wahi rehti hai. Monthly schedule mahine ke last valid din ko sambhalta hai.

Reports, orders aur corrections

Record dhoondhna, share karna aur ghalti theek karna

Reports

Reports tab seedha All reports kholta hai. Upar Report dropdown se company bills, company payment, loan, installment, expense, salary ya doosri report chunein. Person/company filter se aik naam ka record nikalein. Date/search se record dhoondein.

App mein Today/Yesterday/weekday headings sirf date groups hain. PDF mein yeh headings nahi jatin. All reports ka export PDF hai; specific reports ka PDF aur picture share ho sakta hai.

Receipt, Edit aur Remove / reverse

Entry par tap karein. Receipt se share karein. Edit mein amount/date/account/notes waghera durust karein. Balance par sirf asal farq lagta hai; purana audited version rehta hai.

Remove / reverse ko duplicate ya ghalat entry ke liye use karein. Reversed record red dikhta hai. Reversal ko dobara reverse nahi karte. Linked bill ko edit/remove karne se pehle uski payments/returns ko reverse karna par sakta hai. Closed date ki correction open date par hoti hai.

Company bill, salary aur order

Company bill mein company, amount aur editable bill number dein. Payment automatic oldest unpaid bill pehle clear karti hai. Bill banane se cash nahi kat-ta. Extra company advance sirf jab waqai advance dena ho allow karein.

Salary payment mein pehle outstanding salary clear hoti hai, phir extra advance banta hai. Due Rs 5,000 par Rs 10,000 payment: due 0 aur advance Rs 5,000. Staff profile mein monthly salary aur month due record ki ja sakti hai.

Order: New entry > Company order > company, order dene wale ka naam aur amount. Order khud bill/cash payment nahi. Reports > Order reports > row par tap > Receive bill se bill banayein. Open order edit/cancel ho sakta hai; received order se bill khulta hai.

Profiles aur recycle bin

New profile se profile list khol kar type/search use karein. Name edit karein ya bin mein move karein. Baqaya balance ho to pehle clear karein ya force move ka faisla karein. Restore profile ko wapas lata hai. Permanent profile removal financial journal aur reports ko delete nahi karta.

Login, settings aur rozana check

Is checklist ko pehli update ke baad ek dafa karein

Login / PIN / fingerprint

Pehli baar email/password se sign in karein. Login page par Set / reset PIN se matching 4-digit PIN save karein. Normal unlock par PIN aur Unlock button use karein. Supported device par fingerprint enable aur phone mein enrolled fingerprint zaroori hai.

Forgot PIN ke baad valid email/password se login karke naya PIN banayein. PIN phone ke liye hai; pharmacy ka email/password Firebase Authentication account ka hai. Password ya PIN guide/report mein share na karein.

More aur owners

More se security, pharmacy settings, theme/language aur owners/shares manage karein. Owner shares ka total 100% hona chahiye, jaise 40/40/20 ya 45/45/10. Deposit aur withdrawal New entry se alag record hote hain.

English aur Urdu dono mode mein financial entry names bilingual hain. Naam badalne se transaction ki accounting type ya purana record nahi badalta.

Local save aur sync

Entry pehle local storage mein save hoti hai. Internet milne aur app chalne/resume hone par upload queue automatic sync hoti hai. Phone force-close ho to app dobara kholne par pending upload resume hota hai.

Pending/review error aaye to record check karein. Save ko baar baar nayi entries bana kar repeat na karein. Clear data/uninstall pending local records mita sakta hai; update install karein.

Manual check

1. Cash expense se cash kam aur bank wahi rahe. Bank expense se bank kam aur cash wahi rahe.

2. Daily sale selected account mein jama ho. Same date ki duplicate sale reject ho.

3. Company bill se payable barhe, payment se cash/bank aur payable dono kam hon.

4. Installment row ka Before/Paid/Remaining hisab check karein; receipt se baqi contributions clear na hon.

5. Test entry edit/reverse karke account ka sahi farq dekhein. PDF aur picture share karke naam/date/amount parhein.

6. Phone par wrong password ko delete/retype, PIN retry, restart aur fingerprint khud check karein.
